Product Description

Gravely Pro-Turn ZX 52" Zero Turn Mower - 991289

The **Gravely Pro-Turn® ZX 52"** zero-turn mower is designed to deliver commercial-grade durability and performance for homeowners who need a powerful and efficient mower for larger properties. Built with Gravely's reputation for rugged construction and precision cutting, the Pro-Turn ZX provides professional results while remaining easy to operate.

This model features a **52-inch fully fabricated steel cutting deck** that is built for strength, longevity, and superior cut quality. The wide deck allows you to cover more ground with each pass while maintaining excellent airflow for clean, even grass dispersion.

Powering the Pro-Turn ZX is a **reliable Kawasaki engine** combined with **Hydro-Gear commercial-grade transmissions**, providing smooth operation, dependable power, and long-lasting durability. The **zero-turn steering system** allows you to maneuver easily around trees, landscaping, and other obstacles, helping you finish mowing faster and more efficiently.

Operator comfort is also a priority with the Pro-Turn ZX series. The mower includes a **high-back seat with padded armrests**, ergonomic controls, and a heavy-duty tubular frame that provides stability and comfort during extended mowing sessions.

Built to handle demanding mowing conditions while delivering a professional-quality cut, the **Gravely Pro-Turn ZX 52"** is a dependable choice for property owners who want the strength and performance of a commercial mower.
