Product Description

Woods RT60.40 Rotary Tiller - 5'

The Woods RT60.40 Rotary Tiller is a durable 5-foot tiller built for garden prep, food plots, landscaping, seedbed preparation, and general property maintenance. Its 60" working width gives you more coverage than a smaller tiller while still being easy to handle behind compact and utility tractors.

Built with Woods quality and dependable performance, the RT60.40 is great for breaking up soil, mixing in compost or fertilizer, leveling planting areas, and preparing ground for seeding or planting. It is a practical attachment for landowners, gardeners, small farms, and property owners wanting an easier way to work up soil.

Key Features:

- 5-foot / 60" working width
- 3-point hitch rotary tiller
- Great for gardens, food plots, landscaping, and seedbed prep
- Helps break up, mix, and level soil
- Ideal for compact and utility tractors
- Durable Woods construction
- Great for farm, garden, and property maintenance use

A dependable tiller for anyone needing a quality-built attachment for preparing gardens, food plots, and small acreage planting areas.
