Product Description

Woods PD25.20 - Post Hole Digger

The Woods PD25.20 Post Hole Digger is a dependable 3-point hitch attachment built for digging post holes quickly and efficiently. It's a great choice for fencing, gates, barns, pole buildings, landscaping projects, farm work, and general property improvements.

Built with Woods quality and durability, the PD25.20 helps save time and labor compared to digging holes by hand. It is ideal for landowners, farmers, ranchers, and property owners needing a reliable setup for installing posts and completing outdoor projects.

Key Features:

- 3-point hitch post hole digger
- Great for fence posts, gates, barns, and landscaping
- Helps dig holes faster and easier than manual digging
- Durable Woods construction
- Ideal for farm, ranch, and property maintenance use
- Works well with compact and utility tractors

A practical attachment for anyone needing a strong, easy-to-use post hole digger for fencing and property improvement projects.
