Product Description

STIHL FSA 60 Battery-Powered Grass Trimmer

The **STIHL FSA 60** is a lightweight and convenient battery-powered grass trimmer built for homeowners who want dependable trimming performance without gas, oil, or pull-starting. Powered by the STIHL AK battery system, this trimmer is great for maintaining lawns, trimming around sidewalks, driveways, fences, trees, flower beds, and other areas a mower cannot easily reach.

With a 350 mm cutting circle and quiet cordless operation, the FSA 60 makes routine yard maintenance simple and comfortable. It is easy to handle at just 6.9 lbs. without the battery and is a great option for homeowners wanting clean battery power with trusted STIHL performance.

Key Features:
