Product Description

Stihl HSA45 Battery-Powered Hedge Trimmer 20"

The **STIHL HSA 45 20" Hedge Trimmer** is a lightweight, battery-powered tool designed to make hedge and shrub maintenance simple, quiet, and efficient. Perfect for homeowners, the HSA 45 combines cordless convenience with the dependable performance STIHL is known for.

Featuring a **20-inch double-sided cutting blade**, the HSA 45 delivers clean, precise cuts for trimming and shaping hedges, shrubs, and ornamental landscaping. Its integrated lithium-ion battery eliminates the need for gas, oil, or extension cords, allowing you to work freely around your property with minimal maintenance.

Weighing just a few pounds and designed with ergonomic controls, the HSA 45 offers comfortable handling and low-vibration operation, helping reduce operator fatigue while maintaining excellent cutting performance. Quiet operation makes it ideal for use in residential neighborhoods without disturbing family or neighbors.

Key Features:

- 20" double-sided cutting blade for efficient hedge trimming
- Integrated lithium-ion battery for cordless operation
- Lightweight, well-balanced design for comfortable use
- Quiet operation with low vibration
- No gas, oil, or extension cords required
- Simple controls and easy maintenance
- Ideal for trimming hedges, shrubs, and ornamental landscaping

Perfect For:

- Residential hedge maintenance
- Shrub and bush trimming

- Landscape touch-ups and shaping
- Homeowners looking for a convenient cordless solution

The STIHL HSA 45 20" Hedge Trimmer provides the perfect combination of convenience, precision, and reliability, making it an excellent choice for keeping your property's landscaping neat and professionally maintained.
