Product Description

Stihl HT56CE 10 Pole Pruner

Don't let overgrown branches loom over your property. Prune them with the redesigned STIHL HT 56 C-E pole pruner. It features a lightweight gearbox that enhances maneuverability and user comfort. It also features an inside (left-hand) guide bar and saw chain mounting system, providing a better view of cutting. Starting is nearly effortless thanks to STIHL Easy2Start™ technology —just give it a light pull and hear the engine come to life. The pruner also includes a unique, two-piece shaft design for easy storage and transport. It's a great addition to your landscaping

- **Made in America -**

A majority of STIHL products sold in America are made in America of U.S. and global materials.

- **Unique Two-Piece Shaft Design -**

This unique shaft design provides easy storage and transport.

- **STIHL Easy2Start™ -**

The STIHL Easy2Start™ system makes starting STIHL® outdoor power tools almost effortless, eliminating the need for a strong pull of the starting cord. This advanced starting system is designed to make starting STIHL® products fast and easy. The specific system may vary by model, but in each case, a quick pull overcomes the engine's compression to minimize the strength and effort required to start. Available on selected products.

arsenal, all for an affordable price.
