Product Description

Stihl SEA20 Battery-Powered Handheld Vacuum

- The STIHL SEA 20 is a compact, lightweight battery-powered handheld vacuum that is perfect for quick cleanups around the home, shop, vehicle, office, or equipment cab. Its cordless design makes it easy to grab and use without dragging out a full-size vacuum or dealing with power cords.

This handheld vacuum is great for cleaning small messes, dust, dirt, crumbs, sawdust, workbenches, seats, floorboards, and other tight spaces. With STIHL battery-powered convenience, it is a practical tool for everyday cleanup jobs.

Key Features:

- Battery-powered handheld vacuum
- Compact and lightweight design
- Cordless convenience for quick cleanups
- Great for vehicles, shops, homes, offices, and equipment cabs
- Useful for dust, dirt, crumbs, and small debris
- Easy to store and easy to use
- Dependable STIHL quality

A handy cleanup tool for anyone needing a quick, portable vacuum for small messes around the house, shop, or vehicle.
