Product Description

STIHL BR 430 Backpack Blower

The STIHL BR 430 Backpack Blower is a powerful and dependable blower built for homeowners, landowners, and professionals who need strong cleanup performance. Its backpack design helps make larger cleanup jobs easier and more comfortable compared to a handheld blower.

The BR 430 is a great choice for clearing leaves, grass clippings, dirt, and debris from yards, driveways, sidewalks, parking areas, farm lots, and commercial properties. With STIHL's trusted quality and performance, this blower is built to handle routine property maintenance and tougher seasonal cleanup jobs.

Key Features:

- Backpack blower design for comfortable operation
- Strong blowing power for leaves, grass clippings, and debris
- Great for yards, driveways, sidewalks, and parking areas
- Ideal for homeowners, farms, landscapers, and property maintenance
- Built for larger cleanup jobs
- Dependable STIHL quality and performance

A solid choice for anyone needing a reliable backpack blower with the power and comfort to handle regular cleanup around the home, farm, or business.
