Product Description

Stihl FSA130R String Trimmer

For professional landscapers seeking a game-changing, battery-powered trimmer in a loop-handle design, the FSA 135 R delivers. With the same proven drive and cutting components found in STIHL professional gas trimmers and powered by a brushless motor, the FSA 135 R provides professional cutting performance with the added benefits of low noise and zero exhaust emissions. With three performance settings, this trimmer is versatile enough for a range of cutting applications. Its weather-resistant design means it's built for tough professional work, and its quiet operation maximizes productivity by extending working hours into the early morning and late evenings.

- **Quiet Operation -**

This product is ideal for noise-sensitive areas.

- **IPX4 Rating -**

This tool is IPX4-rated for weather-resistant construction and has been designed and tested for splash-water protection.

- **AutoCut® C EasySpool™ -**

AutoCut® C versions reload line by simply inserting the line into eyelets and twisting the bump knob.

- **Battery Indicator Lights -**

This product is equipped with built-in indicator lights, showing the battery status and remaining level of charge.

- **STIHL Electric Motor -**

Lightweight and compact, STIHL electric motors require minimal maintenance and feature low noise levels and reduced vibration.

- **Loop Handle -**

Loop handle grass trimmers and brushcutters are ideal for trimming between bushes and shrubs and other areas where space is limited.

- **Adjustable Front Handle -**

The front handle is easily adjustable (360-degree rotation) for comfort.

- **Rubberized Soft-Touch Handle -**

Soft rubber texture is both easy to grip and makes the product comfortable to hold for extended periods.

- **Hanging Loop -**

Hang your cordless trimmer securely on a wall to save space using the loop in the handle housing

- **Lightweight Portability -**

This product is lightweight for easy portability, great maneuverability, and extended use.

- **Retaining Latch -**

All STIHL battery-powered products feature a retaining latch that is designed to prevent the unit from unintentional starts when the battery is inserted.

- **High-Tech Polymer Housing -**

Housings are lightweight, withstand greater impact, and are corrosion-resistant.

- **Throttle Trigger Interlock -**

This safety feature must be depressed before the trigger can be activated.
