Product Description

Stihl MSA70C-B Battery-Powered Chainsaw 12"

The **STIHL MSA 70 C-B 12" Battery-Powered Chainsaw** is a lightweight, easy-to-use chainsaw designed for homeowners who want the convenience of cordless operation without sacrificing cutting performance. Ideal for storm cleanup, pruning, firewood cutting, and general property maintenance, the MSA 70 C-B delivers dependable STIHL quality in a quiet, low-maintenance package.

Powered by the STIHL AK Battery System, the MSA 70 C-B provides strong cutting performance with zero exhaust emissions and significantly less noise than traditional gas-powered chainsaws. The **12-inch guide bar** offers excellent maneuverability and control, making it perfect for trimming branches, cutting small trees, and handling everyday cutting tasks around your home and property.

Designed with user comfort in mind, the MSA 70 C-B features an ergonomic handle, low-vibration operation, and STIHL's Quick Chain Adjuster, allowing for fast, tool-free chain tension adjustments. The transparent oil tank makes it easy to monitor chain oil levels, helping keep the saw running at peak performance.

Key Features:

- 12" guide bar for precise, efficient cutting
- Powered by the STIHL AK Battery System
- Quiet operation with zero exhaust emissions
- Lightweight design for reduced operator fatigue
- STIHL Quick Chain Adjuster for tool-free chain tensioning
- Low-vibration operation for increased comfort
- Easy-to-monitor translucent chain oil tank
- Ideal for pruning, storm cleanup, firewood, and property maintenance

Perfect For:

- Homeowners and acreage owners
- Limb trimming and pruning
- Small tree removal
- Storm debris cleanup
- General property maintenance

The STIHL MSA 70 C-B 12" Chainsaw combines cordless convenience, reliable performance, and user-friendly features to help you tackle cutting jobs around your property with confidence and ease.
