Product Description

Gravely Pro-Turn ZX 60" Zero-Turn Mower - Model 991291

The **Gravely Pro-Turn® ZX 60"** zero-turn mower is built for property owners who need maximum mowing productivity with the durability of a commercial-grade machine. With its wide cutting deck, powerful engine, and rugged construction, this mower is designed to tackle large properties while delivering a clean, professional-quality cut.

Featuring a **60-inch fully fabricated steel cutting deck**, the Pro-Turn ZX is engineered for strength, longevity, and excellent cutting performance. The larger deck size allows you to cover more ground in less time, making it ideal for larger residential properties, estates, and acreage.

The mower is powered by a **reliable Kawasaki engine** paired with **Hydro-Gear commercial-grade transmissions**, providing smooth control, dependable power, and long-term durability. The **zero-turn steering system** allows for precise maneuverability around trees, landscaping, and obstacles, helping you mow efficiently while reducing trimming time.

Comfort and control are key parts of the Pro-Turn ZX design. It features a **high-back seat with padded armrests**, ergonomic controls, and a durable tubular steel frame that provides a comfortable and stable ride even during longer mowing sessions.

Built with Gravely's commitment to quality and performance, the **Pro-Turn ZX 60"** delivers the strength and reliability needed for demanding mowing conditions while maintaining the excellent cut quality Gravely is known for.

Key Features

- 60" fully fabricated steel cutting deck
- Powerful Kawasaki engine for reliable performance
- Hydro-Gear commercial-grade transmissions
- Zero-turn maneuverability for faster mowing
- High-back seat with padded armrests for comfort
- Heavy-duty tubular steel frame construction

The **Gravely Pro-Turn ZX 60" (Model 991291)** is an excellent choice for property owners who want **commercial durability, efficient mowing performance, and professional-quality results** on larger

properties.
