Product Description

Woods BB72.30 BrushBull Rotary Cutter - 72"

The Woods BB72.30 BrushBull Rotary Cutter is a durable 6-foot cutter built for mowing pastures, fields, hunting land, farm lanes, and large acreage properties. With its 72" cutting width, this cutter is a great choice for landowners, farmers, and property owners needing dependable performance for routine mowing and brush control.

Built with Woods quality and durability, the BB72.30 is designed to handle grass, weeds, and light brush while giving you a clean, efficient cut. It is a practical attachment for maintaining overgrown areas, keeping trails opened up, and staying ahead of seasonal property maintenance.

Key Features:

- 72" cutting width
- BrushBull rotary cutter design
- Great for pastures, fields, trails, and acreage maintenance
- Helps control grass, weeds, and light brush
- 3-point hitch attachment
- Durable Woods construction
- Ideal for farm, ranch, and property cleanup use

A dependable rotary cutter for anyone needing a strong 6-foot mower with the quality and performance Woods equipment is known for.
