### Product Description

## Modern AG 12' Predator Batwing Cutter

The Modern Ag 12' Predator Batwing Cutter is built for serious mowing and land maintenance. With a wide 12-foot cutting width, this cutter is a great choice for pastures, fields, hunting land, roadsides, farm lanes, and large acreage cleanup.

The batwing design allows the cutter to follow uneven ground better than a rigid deck, giving you a cleaner cut across rolling terrain while covering more ground in less time. It is ideal for maintaining grass, weeds, and light brush, making it a dependable attachment for farmers, landowners, and property managers.

### Key Features:

- 12-foot cutting width
- Batwing/flex-wing design for uneven terrain
- Great for pastures, fields, roadsides, and acreage maintenance
- Helps cover large areas quickly and efficiently
- Built for grass, weeds, and light brush control
- Heavy-duty design for farm and property use
- Ideal for tractors needing a larger mowing attachment

A solid choice for anyone needing a dependable wide-area cutter for keeping fields, pastures, and large properties cleaned up and maintained.
