Product Description

DHE Big Bee 1 Row Middle Buster - 1RSS

DHE Big Bee 1RSS 1-Row Middle Buster - Simple, Tough, and Built to Break Ground

The **DHE Big Bee 1RSS 1-Row Middle Buster** is a must-have tool for gardeners, small farmers, and landowners who need an efficient way to break ground, dig rows, and handle light trenching work. Designed for reliability and ease of use, this attachment makes quick work of opening furrows for planting, harvesting root crops, or laying drainage lines.

Built with a heavy-duty steel frame, the Big Bee 1RSS is made to handle tough soil conditions without bending or wearing down. The replaceable plow point is designed to penetrate hard ground with ease, creating clean, consistent rows while reducing strain on your tractor.

Its compact, single-row design makes it perfect for smaller plots and tighter working areas, while still delivering strong performance. Whether you're planting potatoes, digging up vegetables, or cutting trenches, this middle buster is a versatile tool you'll use season after season.

Hooking up is quick and simple with a standard 3-point hitch, so you can get in the field and get to work without hassle.

Key Features:

- Heavy-duty steel construction for durability and long life
- Single-row design for precise furrow and trench creation
- Replaceable plow point for extended service life

- Ideal for gardening, planting, and root crop harvesting
- Great for digging trenches and opening drainage lines
- Compact size - perfect for small farms and property owners
- Standard 3-point hitch for easy attachment

For dependable performance and versatility in a compact design, the **DHE Big Bee 1RSS Middle Buster** is ready to help you get more done with less effort.

This economical design offers you a middle buster with the same type furrow buster as offered on our original design. The simple designed frame allows us to offer a lower priced implement.

The Straight Shank Middle Buster comes completely assembled with Category I implement pins.
