Product Description

DHE SunBurst Box Blade 4'

DHE SunBurst 4' Box Blade - Compact, Tough, and Ready to Work

The **DHE SunBurst 4' Box Blade** is the perfect solution for smaller tractors that still need serious grading power. Whether you're maintaining a driveway, leveling a yard, or spreading gravel, this compact box blade delivers smooth, professional results with ease.

Built with a strong, all-steel construction, the SunBurst series is designed to handle everyday jobs without bending or wearing down. Its 4-foot width makes it ideal for sub-compact and small compact tractors, giving you excellent control in tighter areas while still covering ground efficiently.

Equipped with adjustable scarifier shanks, this box blade easily breaks up hard-packed soil and gravel, making it simple to loosen material before leveling. The reversible cutting edges extend the life of the blade and keep it performing like new, job after job.

With a standard 3-point hitch, hookup is quick and easy—so you can spend more time working and less time setting up.

Key Features:

- Durable steel construction for long-lasting performance
- 4' working width - perfect for sub-compact and compact tractors
- Adjustable scarifiers for breaking up tough ground
- Reversible cutting edges for extended wear life
- Ideal for grading, leveling, and spreading material
- Easy 3-point hitch connection

If you need a reliable, easy-to-handle box blade for smaller equipment, the **DHE SunBurst 4'** is a dependable choice that gets the job done right.
