### Product Description

## Bestway Ag 3-Pt Hitch Sprayer - 55 Gallon

### 3P55-4R - 4 Row Boom

The **Bestway AG 3P55-4R 3-Point Hitch Sprayer** is a reliable and efficient 55-gallon sprayer built for food plots, gardens, pastures, row crops, and general property maintenance. Designed for dependable field performance and easy operation, this sprayer is an excellent choice for farmers, landowners, and property managers needing accurate and consistent spray coverage.

Equipped with a **55-gallon tank** and a **4-row boom**, the 3P55-4R provides wide, even spray distribution for herbicides, pesticides, liquid fertilizers, and weed control applications. The boom system helps maximize coverage while improving efficiency and reducing spraying time in the field.

Built for use with Category 1 3-point hitch tractors, the 3P55-4R offers quick attachment and convenient transport across a variety of terrain. Its durable frame and dependable pump system are designed to withstand demanding agricultural and property maintenance applications season after season.

### Key Features:

- 55-gallon tank capacity for increased productivity
- 4-row boom for wide, consistent spray coverage
- Ideal for herbicides, pesticides, and liquid fertilizer applications
- Category 1 3-point hitch compatibility for easy tractor hookup
- Durable construction for long-lasting performance
- Great for food plots, gardens, pastures, and row crop spraying

- Easy-to-use controls for efficient operation

The Bestway AG 3P55-4R Sprayer combines durability, efficiency, and dependable spray performance to help you maintain healthy fields, effective weed control, and productive property management with ease.
