Product Description

LS Tractor MT226HEC Cab w/ LL3002 Loader

The **LS Tractor MT226HE Cab with LL3002 Loader** is built for operators who want year-round comfort without sacrificing performance. Designed for versatility and ease of use, this compact tractor is ideal for property maintenance, landscaping, and light agricultural work—no matter the season.

Powered by a reliable LS diesel engine, the MT226HE delivers strong, fuel-efficient performance for tasks like mowing, grading, and loader work. Paired with the **LL3002 front-end loader**, this machine makes lifting, hauling, and material handling efficient and productive.

The fully enclosed factory cab sets this model apart, featuring heat and air conditioning to keep you comfortable in extreme temperatures. With excellent visibility, ergonomic controls, and a smooth hydrostatic transmission, the MT226HE Cab provides a premium operator experience that reduces fatigue and increases productivity.

Key Features:

- Reliable LS diesel engine for consistent, efficient performance
- **LL3002 front-end loader** for lifting, loading, and material handling
- Factory-installed cab with heat and A/C for year-round comfort
- Hydrostatic transmission for smooth, easy operation
- Enhanced “HE” features for improved operator control and convenience
- Excellent visibility and ergonomic operator station
- Compact size for maneuverability in tight spaces
- Ideal for mowing, landscaping, driveway maintenance, and property management

The LS MT226HE Cab with LL3002 loader offers the comfort of a larger tractor in a compact, capable package—perfect for getting more done in any weather.
