Product Description

LS Tractor MT242HC HST - Cab - w/ LL3003 Loader

The **LS Tractor MT242HC HST Cab with LL3003 Loader** is built for operators who want maximum comfort, control, and capability in a compact tractor. Designed to handle demanding property maintenance and light agricultural work, this model delivers the power you need with the comfort to work year-round.

Powered by a reliable LS diesel engine, the MT242HC provides strong, fuel-efficient performance for tasks like mowing, grading, and loader work. The hydrostatic (HST) transmission offers smooth, effortless operation with simple forward and reverse control—ideal for both experienced operators and first-time users.

The factory-installed cab features heat and air conditioning, keeping you comfortable in all weather conditions. With reduced noise, excellent visibility, and ergonomic controls, the cab environment helps minimize fatigue and maximize productivity. Paired with the **LL3003 front-end loader**, this tractor delivers excellent lifting capacity for moving dirt, gravel, mulch, and more.

Key Features:

- Reliable LS diesel engine for strong, efficient performance
- Hydrostatic (HST) transmission for smooth, easy operation
- Factory-installed cab with heat and A/C for year-round comfort
- **LL3003 front-end loader** for lifting, loading, and material handling
- Excellent visibility and reduced operator fatigue
- Comfortable, ergonomic operator station
- Compact design with the capability to handle larger property tasks
- Ideal for landscaping, driveway maintenance, material handling, and light agricultural work

The LS MT242HC HST Cab with LL3003 loader delivers premium comfort and dependable performance—making it the perfect choice for getting more done in any season.
