### Product Description

## Gravely ZTX 52" Zero-Turn Mower - 918011

The **Gravely ZTX 52"** zero-turn mower is built for homeowners who want commercial-inspired durability, powerful performance, and excellent cutting quality. Designed for larger residential properties, the ZTX Series delivers the strength and reliability Gravely is known for while remaining easy to operate and comfortable for everyday use.

Equipped with a **52-inch fully fabricated steel cutting deck**, the ZTX provides exceptional durability and a consistent, professional-looking cut. The fabricated deck is designed to handle demanding mowing conditions while providing excellent airflow for even grass distribution.

The mower is powered by a **reliable Kawasaki engine**, delivering strong performance and dependable starting. Paired with **Hydro-Gear integrated transmissions**, the ZTX offers smooth operation and responsive zero-turn maneuverability, allowing you to easily navigate around trees, landscaping, and other obstacles while reducing mowing time.

Operator comfort is built into the ZTX Series with a **high-back seat**, ergonomic controls, and a sturdy steel frame that provides stability and durability. The zero-turn steering system allows for precise control, making it easier to maintain clean lines and professional results.

Built with Gravely's reputation for quality and durability, the **ZTX 52"** is an excellent choice for homeowners who want a powerful mower capable of handling larger yards with efficiency and reliability.
