Product Description

DHE SunBurst 5' Box Blade

Versatile, Durable, and Ready to Work

The **DHE SunBurst 5' Box Blade** is a dependable, all-purpose tool built for landowners who need reliable performance for grading, leveling, and material spreading. Whether you're maintaining a driveway, smoothing out land, or tackling light construction work, this box blade delivers clean, consistent results.

Constructed with a heavy-duty steel frame, the SunBurst series is designed to handle tough conditions without bending or wearing down. The 5-foot working width is an excellent match for compact tractors, offering a great balance of coverage and maneuverability.

Equipped with adjustable scarifier shanks, this box blade easily breaks up hard-packed soil and gravel, allowing you to loosen material before leveling. The reversible cutting edges extend the life of the blade and help maintain peak performance over time.

With a standard 3-point hitch, hookup is quick and easy—so you can get right to work.

Key Features:

- Durable steel construction for long-lasting performance
- 5' working width - ideal for compact tractors
- Adjustable scarifiers for breaking up hard ground
- Reversible cutting edges for extended wear life
- Perfect for grading, leveling, and spreading material
- Great for driveway maintenance and property upkeep
- Standard 3-point hitch for quick and easy attachment

If you're looking for a reliable, easy-to-use box blade that gets the job done right, the **DHE SunBurst 5' Box Blade** is a solid choice.
