Product Description

LS Tractor Tiller MRT6601 - 66"

The **LS MRT6601 Rotary Tiller** is a heavy-duty rotary tiller designed to deliver powerful, efficient soil preparation for gardens, food plots, landscaping projects, and small farming operations. With its wider working width and rugged construction, the MRT6601 is built to handle demanding tilling applications while producing smooth, consistent results.

Designed for tractors ranging from **30-45 horsepower**, this tiller provides excellent performance in a variety of soil conditions. The **65-inch tilling width** allows you to cover more ground in less time, making it ideal for larger gardens, planting areas, and property maintenance tasks.

Equipped with **48 heavy-duty tiller blades**, the MRT6601 effectively breaks up compacted soil, mixes organic material, and creates a finely prepared seedbed for planting. With a tilling depth of up to **12 inches in optimal conditions**, this tiller offers excellent ground penetration for deeper soil conditioning and improved planting preparation.

Key Features:

- 65" tilling width for increased productivity
- Designed for tractors ranging from **30-45 HP**
- Heavy-duty construction for durability and long service life
- 48 tiller blades for superior soil mixing and pulverization
- Up to 12" tilling depth in optimal conditions
- Ideal for gardens, food plots, landscaping, and property maintenance
- Creates smooth, well-prepared seedbeds for planting

Specifications:

- Tilling Width: 65"
- Recommended Tractor HP: 30-45 HP
- Weight: 624 lbs
- Tilling Depth: Up to 12"
- Total Blades: 48

Compatible with **LS MT2E, MT3E, and MT3 Series tractors**, the LS MRT6601 Rotary Tiller provides the strength, performance, and reliability needed to tackle tough soil preparation jobs with confidence.
