Product Description

LS Tractor Tiller MRT7201 - 72"

The **LS MRT7201 Rotary Tiller** is a heavy-duty 72-inch rotary tiller built for efficient, professional-grade soil preparation. Designed for larger gardens, food plots, landscaping projects, and agricultural applications, the MRT7201 delivers excellent performance and durability for demanding tilling jobs.

Built for tractors ranging from **35-50 horsepower**, this tiller offers the power and working width needed to cover more ground quickly and efficiently. The **72-inch tilling width** makes it ideal for larger properties and wide working areas, helping reduce time spent preparing soil.

Equipped with **54 heavy-duty tiller blades**, the MRT7201 aggressively breaks up compacted ground, mixes organic material, and creates a smooth, finely worked seedbed ready for planting. With the ability to till up to **12 inches deep in optimal conditions**, this tiller provides excellent soil penetration and conditioning performance.

Key Features:

- 72" tilling width for maximum productivity
- Designed for tractors ranging from **35-50 HP**
- Heavy-duty construction for durability and long service life
- 54 tiller blades for superior soil mixing and pulverization
- Up to 12" tilling depth in optimal conditions
- Ideal for gardens, food plots, landscaping, and agricultural use
- Produces smooth, consistent seedbed preparation

Specifications:

- Tilling Width: 72"
- Recommended Tractor HP: 35-50 HP
- Weight: 624 lbs
- Tilling Depth: Up to 12"
- Total Blades: 54

Compatible with **LS MT3E, MT3, and MT4 Series tractors**, the LS MRT7201 Rotary Tiller is a dependable, high-performance attachment designed to help you prepare soil quickly, efficiently, and with professional-quality results.
