Product Description

LS Tractor Box Blade MBB3060 - 60"

The **LS MBB3060 Box Blade** is a durable and versatile 6-foot box blade designed for grading, leveling, backfilling, and driveway maintenance. Built with rugged construction and dependable performance, this implement is ideal for homeowners, landowners, and small farm operators looking to tackle demanding ground-engaging tasks with ease.

Constructed with a heavy-duty **1/4-inch moldboard and side panels**, the MBB3060 is designed to withstand tough working conditions while delivering smooth, consistent grading performance. Its strong **1/2-inch welded lift attachment brackets** provide added durability and reliable connection to your tractor.

Perfect for spreading gravel, repairing driveways, leveling soil, and light land shaping, the MBB3060 offers excellent control and efficiency in a compact, easy-to-handle design. Optional skid shoes are available to help protect surfaces and maintain consistent grading depth.

Key Features:

- 6-foot working width for efficient grading and leveling
- Heavy-duty 1/4" moldboard and side panel construction
- Strong 1/2" welded lift attachment brackets for durability
- Ideal for driveway maintenance, landscaping, and soil leveling
- Optional skid shoes available for surface protection
- Category 1 3-point hitch compatibility
- Designed for tractors ranging from **20-60 HP**

Specifications:
