Product Description

LS Tractor MT347HC Cab w/ LL4001 Loader

The **LS Tractor MT347HC** is a premium compact utility tractor designed to deliver exceptional power, comfort, and versatility for demanding property maintenance, agricultural work, and commercial applications. With its factory-installed cab, powerful diesel engine, and advanced hydraulic performance, the MT347HC is built to help you stay productive in all seasons and working conditions.

Equipped with a reliable LS diesel engine and smooth hydrostatic transmission, the MT347HC provides effortless operation and strong performance for loader work, mowing, grading, landscaping, and material handling. The hydrostatic drive system offers simple forward and reverse control, making operation smooth and efficient for both experienced operators and first-time tractor owners.

The fully enclosed factory cab features heat and air conditioning, providing year-round comfort while protecting the operator from dust, weather, and noise. Ergonomic controls, excellent visibility, and a spacious operator platform help reduce fatigue during long workdays.

Built with strong hydraulic performance and impressive 3-point hitch lift capacity, the MT347HC is capable of handling a wide range of attachments and implements with ease. Whether you're maintaining property, moving materials, or tackling demanding projects, this tractor is engineered to perform.

Key Features:

- Powerful and fuel-efficient LS diesel engine
- Hydrostatic transmission for smooth, easy operation
- Factory-installed cab with heat and A/C for year-round comfort
- Excellent hydraulic performance for loader and implement operation
- Comfortable operator station with ergonomic controls
- Strong 3-point hitch lifting capability
- Available tire options for multiple applications

- Ideal for property maintenance, landscaping, farming, and material handling

The LS MT347HC combines premium comfort, dependable power, and versatile performance into one hardworking compact tractor package built to handle tough jobs with confidence.
