Product Description

Backwoods BW-LR5 Landscape Rake 60"

The Backwoods BW-LR5 Landscape Rake is a handy 5-foot attachment for cleaning up, leveling, and maintaining your property. It's great for gravel driveways, dirt work, food plots, yards, sand, and general land maintenance.

This rake is ideal for spreading material, smoothing rough spots, removing rocks and debris, and preparing soil. The 3-point hitch design makes it easy to hook up to compact tractors, giving you a simple and dependable tool for cleanup and grading projects.

Key Features:

- 5-foot working width
- 3-point hitch attachment
- Great for gravel driveways, yards, food plots, and dirt work
- Helps level, smooth, and spread material
- Useful for removing rocks, roots, sticks, and debris
- Ideal for compact tractors and small acreage maintenance

A practical attachment for landowners, homeowners, and small farms needing an easy way to keep driveways, work areas, and property cleaned up and maintained.
