Product Description

Woods DB6.20 Rotary Tiller - 6'

The Woods DB6.20 Rotary Tiller is a dependable 6-foot tiller built for preparing gardens, food plots, landscaping areas, and small acreage planting projects. With its 72" working width, this tiller gives you excellent coverage for breaking up soil, mixing in compost or fertilizer, and creating a smooth seedbed.

Built with Woods quality and durability, the DB6.20 is a great attachment for landowners, farmers, gardeners, and property owners needing an easier way to work up ground. It is ideal for compact and utility tractors and is a practical choice for larger gardens, food plots, and general soil preparation.

Key Features:

- 6-foot / 72" working width
- 3-point hitch rotary tiller
- Great for gardens, food plots, landscaping, and seedbed prep
- Helps break up, mix, and level soil
- Useful for preparing ground for seeding or planting
- Durable Woods construction
- Ideal for compact and utility tractors

A solid choice for anyone needing a reliable Woods tiller for garden prep, food plots, and property maintenance.
