Product Description

STIHL FS 91 Gasoline Trimmer with Bike Handle

Designed for demanding mowing and trimming applications, the **STIHL FS 91 Gasoline Trimmer with Bike Handle** delivers the power, comfort, and durability professionals and landowners rely on. Equipped with a high-performance **1.30 HP STIHL 4-MIX® engine**, this trimmer provides excellent torque, impressive fuel efficiency, and dependable performance for tackling thick grass, weeds, and overgrown areas.

The ergonomic **bike handle** design offers superior control and a natural sweeping motion, making it ideal for mowing large open spaces with less operator fatigue. Combined with a generous **16.5-inch (420 mm) cutting swath**, the FS 91 helps you complete jobs faster while maintaining precise, consistent results.

Built with STIHL's legendary quality and engineered for long service life, the FS 91 is an excellent choice for professional landscapers, farms, ranches, municipalities, and homeowners who need commercial-grade performance.

Features

- Powerful **1.30 HP STIHL 4-MIX® engine**
- Ergonomic **bike handle** for comfortable, efficient mowing
- Fuel-efficient, low-emission gasoline engine
- Large **16.5 in. (420 mm)** cutting diameter for increased productivity
- Lightweight **12 lb** design (without fuel) for reduced operator fatigue

- Durable construction built for demanding professional use
- Ideal for maintaining large properties, fields, roadsides, and commercial landscapes
