Product Description

STIHL FS 91 R Gasoline Trimmer

Take on tough trimming jobs with the **STIHL FS 91 R Gasoline Trimmer**, built for professionals and property owners who need dependable performance day after day. Powered by a fuel-efficient **1.30 HP STIHL 4-MIX® engine**, the FS 91 R delivers strong cutting power while maintaining excellent fuel economy and low emissions. Its loop handle design provides outstanding maneuverability, making it ideal for trimming around trees, fences, landscaping, and other obstacles.

The durable straight shaft construction and generous **16.5-inch (420 mm) cutting swath** help you cover more ground in less time, while the lightweight **12 lb** design reduces operator fatigue during extended use. Whether you're maintaining residential properties or handling demanding commercial landscaping, the FS 91 R is engineered to deliver reliable, long-lasting performance.

Features

- Powerful **1.30 HP STIHL 4-MIX® engine**
- Fuel-efficient, low-emission gasoline engine
- Lightweight design at just **12 lb** (without fuel)
- Large **16.5 in. (420 mm)** cutting diameter for increased productivity
- Ergonomic loop handle for excellent control and maneuverability
- Durable straight shaft construction for demanding applications
- Ideal for professional landscapers, property maintenance, and heavy-duty residential use
